How to downgrade your Ariba account for un-suspended accounts

How do I downgrade my fully enabled Enterprise account to a Standard account?

Answer

Your account may be eligible for a downgrade if the following criteria are met:

You must not have any outstanding [supplier fees](#).

Note that a Standard Account provides only limited access to Ariba Network and no access to reports. Before downgrading the account ensure that you [download](#) the generated reports to your hard disk.

For more information on the capabilities of Standard Account and Enterprise Account, see [What is the difference between Enterprise and Standard accounts?](#) topic.

If all the above listed criteria are met, please [contact](#) SAP Ariba Customer Support. Additional verification with the account administrator will need to be performed over the phone. Once completed, we will forward your request for further review to perform the requested downgrade to your Enterprise Account to a Standard Account.

The screenshot shows the SAP Ariba Enterprise Account dashboard. The top navigation bar includes 'SAP Ariba Network' and 'Enterprise Account'. A settings gear icon and an 'SM' icon are visible in the top right. Below the navigation bar, there are tabs for 'Home', 'Inbox', 'Outbox', 'Catalogs', and 'Reports'. The main content area displays 'Outstanding Invoices' with a message: 'There is no data to show on charts.' A dropdown menu is open, showing various settings options. The 'Service Subscriptions' option is highlighted with a red box. Other options include 'Account suspended', 'Company Profile', 'Customer Relationships', 'Users', 'Notifications', 'Account Hierarchy', 'Application Subscriptions', 'Account Registration', and 'View All'. A secondary menu on the right lists 'NETWORK SETTINGS' such as 'Electronic Order Routing', 'Electronic Invoice Routing', 'Accelerated Payments', 'Remittances', 'Network Notifications', 'Audit Logs', and 'View All'.
